LET'S MEET

PETAR KLEŠKOVIĆ
WMC/IT JUNIOR YEAR STUDENT, DUBROVNIK CAMPUS

1. What’s the best part about being an RIT Croatia student?
   Feeling that I am part of the family, that my voice is heard and that I will get all the support that I need to realize my life goals, during and after college.

2. If you could sing a duet with anyone at RIT Croatia, who would it be?
   With Dean Huspedth. Either "I Knew You Were Trouble" by Taylor Swift or "I Want It That Way" by Backstreet Boys. The SG is hosting karaoke next semester, so we might be able to realize this :D

3. Best way to de-stress?
   Gaming. Funnily enough I enjoy high stress super-realistic racing games that thoroughly exhaust me and leave me unable to think about the stress.

4. If you had one superpower, what would it be?
   The power to control time. Your 2 hour sleep suddenly becomes 12 hour sleep. Assignments that are due in 6 hours are also suddenly not an issue anymore.

5. What’s something on your bucket list?
   Trip to Japan, working at Google, owning a (really) fast car, living in the States. Driving a sports car on the real-life racing track.

6. What year at RIT Croatia has been your favorite so far?
   This year I think. I fully immersed myself in the college life and started a few projects that will potentially contribute to the community. This year I realized that my mission was to leave something for the future generations, a legacy of sorts, so I am making my best effort to start something future generations will remember and enjoy.

7. What is the best piece of advice you’ve ever been given?
   Every hardship in life is an experience. I’ve had some serious hardships during my life, so I think this is very true, since every single one of them shaped me into the person I am today. That mindset made me more ready to tackle anything that comes my way during life.
